

FROM RESEARCH TO INDUSTRY
cea tech

“The Open Innovation Center benefits from a prime location on the GIANT campus in Grenoble. This collaborative innovation center will unite a community of professionals from industry, scientific researchers, entrepreneurs, students, designers, artists, and investors to build the future together.”

COLLABORATIVE TECHNOLOGICAL INNOVATION
THE FUTURE CEA OPEN INNOVATION CENTER (OIC)

3,300 sq. m

Partner-in-residence immersion programs

Multidisciplinary teams housed at the OIC

An innovation **showroom**

A **fast prototyping lab**

The missions of the CEA OIC are to:

- **Share** ours and our partners' visions of the future
- **Speed up** the development of breakthrough innovation projects
- **Provide our partners with access** to CEA technologies
